### **Cancer Focus NI**

#### **Our Story to Date**

Cancer Focus NI was established in 1969 initially to fund cancer research in Northern Ireland. The founding members very quickly realised that while local cancer research was needed, there was a similar pressing need to inform the public about the causes of cancer and how they could reduce their risk.

There were also people living with the disease for whom there were few options for support and advice. It was likewise recognised that to deliver real change we need effective public health policies and provision.

The four pillars of endeavour were thus formed and still shape our work today. The charity was originally called the Ulster Cancer Foundation. We changed our name in 2012.
