Introduction

Dear Applicant

Thank you for your interest in the role of

Sessional Health Promotion Nurse

at Cancer Focus Northern Ireland. This Information Pack includes information about Cancer Focus NI, sets out the process for recruitment and outlines the qualifications, skills and experience we are seeking.

Cancer Focus NI is a local voluntary organisation that aims to eliminate cancer, where possible, and reduce its impact on our society. We were Northern Ireland's first cancer charity and in 2019 we celebrated our 50th Anniversary. Since our founding we have had four main pillars of endeavour: **cancer prevention, services to people affected by cancer, funding local cancer research and campaigning and advocacy work.** While we have stayed true to our founding principles, how we have delivered on our mission has grown and developed over the years.

We invite you to read through this Information Pack and understand more about the role and the person we are looking for. If you wish to apply for this role, please ensure you submit an up-to-date, accurate copy of your CV and cover letter before the application deadline.

The change and impact we make is defined about how we work and what we value. If you feel you have the relevant skills, qualifications, experience and shared values base for this role, we would very much welcome your application.

Yours faithfully

A handwritten signature in black ink, appearing to read 'R. Spratt', followed by a horizontal line.

Richard Spratt
Chief Executive

Cancer Focus NI

Our Story to Date

Cancer Focus NI was established in 1969 initially to fund cancer research in Northern Ireland. The founding members very quickly realised that while local cancer research was needed, there was a similar pressing need to inform the public about the causes of cancer and how they could reduce their risk.

There were also people living with the disease for whom there were few options for support and advice. It was likewise recognised that to deliver real change we need effective public health policies and provision.

The four pillars of endeavour were thus formed and still shape our work today. The charity was originally called the Ulster Cancer Foundation. We changed our name in 2012.

In 2023, we launched our new five year strategy to support local people on their cancer journey. Our goal in the next five to seven years is to open five Therapeutic Support Centres in towns and cities across Northern Ireland.

Mission

Supporting local people on their cancer journey; we will work to reduce the risk, impact, and outcomes of all cancers.

Vision

We want people to live their most fulfilled lives with access to world-leading, equitable cancer support, treatment, diagnosis, prevention, and research.

Values

Our guiding principles will shape the future direction of our charity.

Innovative

We will develop a range of quality cancer support services and health improvement initiatives that are evidence-based and pioneering.

Compassionate

We will continue to provide free services to help support local people on their cancer journey.

Bold

We will not be afraid to make difficult decisions and take courageous actions in the interests of local people.

Connected

We will connect and collaborate with local communities and sector partners including the Department of Health, Public Health Agency, Health Trusts, and other charities to create a fairer and healthier society.

Honest

We will be transparent in our work, show respect for those we meet, and highlight our impact at all times.

Our Strategic Objectives

To Be Your Local Cancer Voice

Be an effective advocate, operating in local communities and speaking up for all people with cancer in Northern Ireland.

To Prioritise Healthy Living

Increase public awareness of how to reduce the risk of cancer and promote healthier living.

To Champion Local Research

Fund world-class, innovative cancer research.

To Sustain Our Impact

Grow local support for our work and services.

Charity Behaviours

At the core of our charity's work, we will...

Be community focused and people centric.

Tackle health inequality in all aspects of our work.

Reach out to those on the margins in 'hard to reach' communities.

Work sustainably with environmental consciousness in all that we do.

Ensure the patient voice is at the centre of all that we do.

What is a Cancer Focus Northern Ireland Therapeutic Support Centre?

At its core, Cancer Focus Northern Ireland's future strategy is to create spaces and environments that radiate a sense of sanctuary and welcome.

We envisage places of community that those on a cancer journey feel drawn towards and are not intimidated by. Our Support Centres will be strategically placed across Northern Ireland. They will provide flexibility in how people engage, from being able to drop-in and have a coffee with a cancer specialist to availing of more tailored, structured individual or group therapeutic support. Most importantly, we want people to experience and have access to a place of social connection and to have the opportunity to participate in and be part of a community where they feel comfortable and understood.

The look and feel of our Centres will be crucial to how patients and service users will interact with them. They will be thoughtfully and carefully designed to ensure that visitors experience a sense of being apart from the clinical environment of a hospital, or the hustle and bustle of everyday life.

It is important to us that they are close to, but separate from, the places of diagnosis and treatment.

The Centres will offer space and opportunity for relaxation, reflection and solace as well as providing emotional and practical support along with access to information and advice relevant to the needs of each person and their family.

Every visitor who will cross the doorstep of a Cancer Focus Northern Ireland Therapeutic Support Centre will have their own story, their own set of unique fears, hopes and aspirations. We will welcome everyone as they are and where they are, when they take the courageous step to come in. We will be rooted in communities and equipped to embrace and provide the support network required for every person who invites us to join them on their cancer journey.

Organisational Structure

Job Description

Sessional Health Promotion Nurse

Responsible to: Community Wellbeing Manager
Hours: Sessional hours as required
Location: Greater Fermanagh Locality
Campaign
Service/Cause: Health Improvement & Community Wellbeing
Remuneration: £17.68 per hour

Overall Purpose of Post

To work as part of the health improvement and community wellbeing team carrying out health assessments on individuals and to work with the team to deliver health information and awareness sessions in terms of promoting key cancer prevention and health and wellbeing messages. The work will be delivered across a range of settings via the Keeping Well mobile health service to include community groups, corporate partners and a wide range of beneficiaries i.e. men's groups, women's groups and sports clubs.

Key Responsibilities

Service delivery and Information Management:

- Provide health assessments i.e. blood pressure, blood glucose & O2 checks in various locations as agreed with the Community Wellbeing Manager.
- Offer support, advice and health education literature (where appropriate) at assessment and information with an emphasis on cancer awareness.
- Promote wider health improvement messages where appropriate such as stop smoking support and skin cancer awareness.
- Liaise with the Community Wellbeing Manager regarding retaining and collation of statistical information including service evaluation and monitoring.

Governance and Quality Assurance:

- Work within the guidelines of the Nursing Midwifery Council's Code of Professional Conduct and maintain ongoing professional development including clinical, social and psychological issues in accordance with the NMC Post Registration and Practice (PREP) standards.
- Recording of necessary assessment data and ensuring that a strict data protection policy is adhered to ensure it is stored confidentially in line with best practice in GDPR principles.
- Adhere to Cancer Focus policies and procedures ensuring equipment is properly maintained and materials are disposed of safely after use; ensuring strict hygiene procedures at all times.

General:

- To work as part of a multidisciplinary team to support service users, those living with cancer and their families
- To represent and promote Cancer Focus Northern Ireland and its objectives as required.
- To promote existing Cancer Focus services as appropriate.
- To carry out any other duties as may be required by Cancer Focus.

This job description is not exhaustive. It merely acts as a guide and may be amended to meet the changing requirements of the charity at any time after discussion with the post holder.

Person Specification

Sessional Health Promotion Nurse

The specification below shows essential skills, abilities, knowledge and/or qualifications required to be able to carry out the duties of this post. Therefore, please address in a covering letter, each criterion listed in the specification, drawing up-on all of your experience.

Essential Criteria

Experience

- A minimum of one year's experience of delivering health promotion within a community setting within the last five years.
- Experience and knowledge of cancer nursing.
- Experience of working within a multi-disciplinary team.
- An understanding and knowledge of audit and service evaluation.

Qualifications

- Registered General Nurse (Adult) with Nursing Midwifery Council.

Skills

- Evidence of strong interpersonal skills, including excellent verbal and written communication skills and the ability to provide both one to one and group sessions.
- Ability to work in a fast-paced work environment as part of a team.
- Ability to record and interpret patient data whilst making recommendations to improve health outcomes.

- Evidence of having received training in communication skills or counselling.
- Excellent time keeping and self-management skills.
- Ability to use Microsoft Office, e-mail and internet.
- A full, current driving license and have access to the use of a car or some other appropriate form of transport to carry out the duties of the post.
- Availability and flexibility to work occasional evenings or weekends

Personal Qualities

- To be able to provide a person-centred approach
- Ability to provide empathy and compassion.

Desirable Criteria

Qualifications

- Degree in nursing.
- Third level qualification in health promotion or relevant subject.

Additional Information

Terms and Conditions of Employment

- Successful applicants must provide proof of their right to work in the UK. (This will be evidenced in the first instance by being in possession of a British or Irish passport or a valid UK Work Permit).
- The activities of this role meet the AccessNI definition of regulated activity relating to working with adults and children as outlined in the Access NI Code of Practice. Cancer Focus NI will obtain an AccessNI Enhanced Adult Barred List check, and/or Enhanced Children's Barred List check for the successful candidate. Applicants who have a criminal record will be treated fairly and not discriminated automatically because of a conviction or other information revealed. Applicants will be reviewed in line with Cancer Focus Northern Ireland's policy on the recruitment of Ex-offenders.
- If there is any reason you cannot work in Regulated Activity, you must disclose this to us.
- Satisfactory reference checks.
- Up to 12 months probationary period.
- Evidence of relevant academic and professional qualifications must be provided.
- Evidence of appropriate vehicle documentation i.e. driving licence and insurance cover must be provided where the role necessitates travel on company business in own vehicle.

Cancer Focus Northern Ireland has a written policy on the Secure Handling, Use, Storage and Retention of Disclosure information.

Additional Information

Disability
