FUNDRAISE THIS OCTOBER FOR WOMEN LIKE JOANNE

Joanne was diagnosed with Breast Cancer in June 2021 aged only 42

Cancer Focus NI were there for her at a time when she was ready to explore her feelings and connect with other women who were living with breast cancer.

“When I left the hospital after my diagnosis, I was in complete shock. Knowing I was going to lose my breast and the long wait for my mastectomy felt like a nightmare. Every night I was planning my funeral, and what I would say to my only daughter.

Cancer Focus NI were there for me when I really needed help. The charity’s Breast Cancer Wellness retreat allowed me the safe space needed to process my concerns and worries. A breast cancer diagnosis never goes away, even after treatment, so to have vital services such as the charity’s Support Groups and Retreats, Counselling, and Bra Fitting is priceless and life changing.

Thank you for supporting this wonderful charity during Breast Cancer Awareness Month. Your fundraising efforts will go a long way to helping the 1 in 8 local women who will develop breast cancer in their lifetime. “

If you have any concerns about cancer or wish to access cancer support services, you can talk to one of our experienced nurses on the Cancer Focus NI FREE information and support Nurseline
